This powerful blend of amino acids is fundamental in reversing the negative effects of aging. Recent studies have shown that supplementing with certain amino acids can improve energy levels, aid in retention of muscle mass, assist in weight control, provide more REM sleep, enhance sexual function, and support neurotransmitter function which may promote mental clarity.

Powerful Antioxidants: This unique formula also contains Vitamin D3, Resveratrol and Grape Seed Extract. These powerful antioxidants work in synergy with the **Amino 8X™** blend to help to fight against the aging process while providing significant immune support.
