

Directions: Mix one serving (scoop) with water or favorite beverage.

CircuBoost™ combines two trademarked ingredients:

1) **Careflow®** Mango Fruit Powder has been scientifically-proven to increase eNOS, the enzyme required to convert arginine to nitric oxide. Nitric Oxide helps increase blood flow and oxygen distribution to the heart and throughout the body including the sex glands.*

Careflow® Mango Fruit Powder is scientifically-proven in two human studies to improve microcirculation.*

2) **FermaPro®** Beet contains up to twice the natural nitrates as regular beet powder. Nitrate-rich food sources are linked to improved nitric oxide (NO) function.*

Please consult your healthcare practitioner before using any nutritional supplement, especially if you are taking medications on a regular basis, anticipate surgery, or are otherwise under medical supervision. Product not intended for use by children under 18 or women who are pregnant or lactating.
