Andrew Lessman's ULTIMATE AÇAÍ BERRY EXTRACTS offers a unique blend of standardized Açai Berry extracts, providing a trustworthy source of the most beneficial compounds found in this extraordinary fruit. Although Açai has only recently been recognized as a “super-fruit”, it has been consumed in Brazil as a native food and folk remedy for many centuries. Açai is Brazil’s contribution to the world of remarkable “super-fruits” that has recently acquired so much media attention. Unfortunately, Açai’s great publicity seems to have resulted in a great deal of exaggerated health and weight-loss claims for low-quality products; however, with our **Ultimate Açai Berry Extracts** you can now be assured of the potential benefits this nutritious dark purple berry can provide. There is no other Açai Berry supplement that offers our unique high-potency blend of three different sources of four unique standardizations of Açai fruit, thus assuring you of all the standardized benefits you hope to derive from this special berry. Sadly, most Açai products are nothing more than sweet, high-calorie juices that offer no standardized ingredients or benefits, but come with outrageous price tags and even more outrageous claims. Our **Ultimate Açai Berry Extracts** is not dried or reconstituted fruit, but is guaranteed to contain rich standardized extracts delivering the powerful protective compounds naturally present in Açai fruit. It delivers the standardized ingredients not present in other Açai drinks or supplements without their false medical or weight-loss claims. Our **Ultimate Açai Berry Extracts** provides the highest quality, standardized extracts of Açai fruit without the sugar, calories and unethical claims so typical of Açai products.
