

ARTH-9 is a scientifically designed formula that provides essential nutrients for bone, joint, ligament and cartilage function.*

This unique formula includes glucosamine sulfate, a natural compound present in joint cartilage. This aminomonosaccharide has been shown to play an integral role in maintaining healthy connective tissue and cartilage.* ARTH-9 contains bromelain to help maintain joint flexibility* and chondroitin sulfate, another important component of articular cartilage.

Contains no yeast, dairy, eggs, gluten, corn, soy or wheat, sugar, starch, salt, preservatives or artificial color, flavor or fragrance.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
