

Keto Brew is manufactured in the USA at our FDA-registered laboratory, using nutritional technologies co developed by NASA under a Space Act Agreement. Learn more at <http://nasa.nugevity.com>

Eating healthy no longer means going without your favorite morning latte. After fasting all night long, our clean and nutritious boost of MCT energizes you and leaves you feeling satisfied without sugars, creamers or empty calories.*

This great tasting formula features a patented Coffeeberry® extract clinically proven to increase BDNF levels, a neuroprotein vital to memory, alertness, body weight and metabolism.

Naturally gluten and grain free. Compatible with all Keto, Paleo, Low-carb, and Intermittent Fasting (IFD) programs.

Suggested Use: Pour one tablespoon into 4 fl oz of hot water and mix vigorously. To reduce clumping, let it stand for one minute, then add more hot water and mix again. Enjoy hot or iced! New to MCT? Start with a half dose and increase over time. MCT may cause stomach discomfort if taken in excess, but these symptoms usually go away after a few doses.

Store product at controlled room temperature. Do not expose to heat or moisture. Keep out of the reach of children and consult with your doctor prior to use if you suffer from diabetes, liver disease or other medical conditions.
