

Bone is living tissue, and this formula supplies key bone nutrients in their most bioactive forms. Ossein microcrystalline hydroxyapatite complex supplies organic calcium with natural bone growth factors. Vitamin C assists bone matrix formation. Vitamin D and K are crucial to matrix calcification, along with magnesium, potassium, zinc, copper, manganese, and boron. **Calcium Bone Maker Complex** represents the most advanced clinical understanding of bone health.

**Broad nutrient spectrum for healthy bone replacement.\***

**Optimized to ensure safe and effective calcium utilization.\***

**No magnesium oxide or other poorly absorbed ingredients.\***

**Promotes skeletal, muscular, overall health and well-being.\***
