capsules

FOOD SUPPLEMENT

DIRECTIONS FOR USE

- **Adults and children aged 12 years and over: 2-4 capsules daily. For intensive support: up to 8 capsules daily.**
- **Children 4 to 11 years: 1 capsule daily.**

It is not advisable to exceed the above dose unless advised by a healthcare practitioner. Take Vegepa with food, ideally as a split dose morning and evening for optimum absorption.

Seek professional advice before taking this product if you are taking medication, pregnant or breastfeeding. This product should not be used as a substitute for a varied and balanced diet and healthy lifestyle.

Store in a cool, dry place away from direct sunlight. Keep out of reach of young children.

UK Patent No: 2 409 644
International PCT Patent Application No:
PCT/GB2004/005461

Vegepa provides a combination of pure EPA omega-3 from 70% concentration wild anchovy fish oil and omega-6 GLA from cold-pressed virgin evening primrose oil, with vitamin E for extra protection of the oils. Vegepa balances and maintains healthy omega-3 and omega-6 levels and is a highly effective all-round supplement that offers medium intensity nutrition support, ideal for general wellbeing maintenance.

Vegepa is a rich source of polyunsaturated fat. Replacing saturated fats with unsaturated fats in the diet contributes to the maintenance of normal blood LDL cholesterol concentrations needed for the support of a healthy heart. Vegepa is also a source of vitamin E, which contributes to the protection of cells from oxidative stress.

✓ **HIGH STRENGTH 560 MG EPA DOSE** from 70% concentration wild fish oil

✓ **ULTRA-PURE:** wild anchovies are small and short-lived, so they are less prone than larger species to pollutant build-up. Molecularly distilled to remove dioxins, mercury & PCBs to virtually undetectable levels

✓ **VIRGIN EVENING PRIMROSE OIL:** premium cold-pressed virgin evening primrose oil retains the family of phytonutrients known as triterpenes

✓ **INDEPENDENTLY RESEARCHED & BATCH-TESTED**

✓ **SMALL CAPSULES** are easy to swallow and support split dosing for enhanced absorption

✓ **CONSISTENT PRODUCT QUALITY GUARANTEED:** GMP manufactured in the UK & 3rd party tested to ensure purity, active ingredients, nutritional value and safety
