

Prolonged C for Cellular Protection†

Every vitamin routine should include the antioxidant protection offered by vitamin C.† A daily supplement regimen with **Performance Vitamin C** offers powerful protection against free radical damage, helps keep capillary walls and blood vessels strong, and supports healthy teeth, gums, and bones.† Because vitamin C is water-soluble, it needs to be replenished on a daily basis.

Prolonged release is an advanced manufacturing technique which allows nutrients to be released slowly (over approximately 2-4 hours) promoting optimal assimilation.

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish.

^ SGS verified the process for manufacturing this product with no GMO ingredients. www.sgs.com/no-gmo

Store in a cool, dry place.
