

NKC IMMUNE BOOST contains powdered *Agaricus blazei* mushrooms (ABM) naturally enhanced with Vitamin D. ABM stimulates the body's immune system by triggering an increase in the production of Natural Killer Cells (NKC). These cells are the body's first line of defense against infection by working to recognize and destroy viruses and other microbes. The Vitamin D in **NKC Immune Boost** has been demonstrated to support the body's natural defense against infection. With the unique combination of bioactive compounds in *Agaricus blazei*, **NKC Immune Boost** assists the body in building and maintaining a strong immune system. *Find out more at www.sylvanwellness.com*

Directions for Use: Take 2 capsules 2 times per day (morning and evening) with water at mealtimes. **Do not take more than 4 capsules in a 24-hour period. Keep out of reach of children.** As with any dietary supplement, consult a physician if you are taking any prescription medication.

WARNING: DO NOT use if you are pregnant, can become pregnant, or are nursing; have undergone an organ transplant or major surgery within the past 6 weeks; have active liver disease or history of liver disease; are allergic to mushrooms or mushroom products.
