

Sylvan Therapeutics Synastat is produced by Sylvan Bio, Inc., the only U.S. producer of red yeast rice. This product is grown, produced and bottled in the United States. Every batch is rigorously tested for consistency and quality. Synastat is designed to be used by adults to help maintain healthy cholesterol levels, in combination with a healthy lifestyle.

Suggested use: As a dietary supplement for adults, take two (2) capsules twice per day with water at mealtimes or as directed by a licensed healthcare practitioner. Do not exceed four (4) capsules in a 24-hour period.

WARNING: Do not use if you are pregnant, may become pregnant, breastfeeding, or under the age of twenty. Individuals with liver disease or those currently taking statins or other medications should consult with a licensed healthcare practitioner prior to use. Should not be taken in combination with grapefruit products. This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

This product was bottled according to the Natural Products Association's Good Manufacturing Practices (GMP).

Do not use if tamper seal is broken or missing. Keep out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
