

H-BLOCKER™ THE ORIGINAL BETA-ALANINE PRE-WORKOUT FORMULA

Why do you need H-Blocker—The world's first Carnosine Booster? During intense exercise, the release of hydrogen ions are accelerated; followed by a decrease in pH levels—a process called "muscular acidosis"—which causes muscle fatigue, weakness, and ultimately physical exhaustion.

New research indicates the patent-pending nutrient matrix, found only in **H-Blocker**, rapidly aids in the synthesis of carnosine, which soaks up muscle-fatiguing hydrogen ions like a sponge and stabilizes pH levels in skeletal muscles... and when combined with a healthy diet and intense weight-training program, allows you to experience:

- Immediate, Explosive Strength and Power Gains
- Significant Delays in the Onset of Muscular Fatigue
- On-Going, Permanent Muscular Growth

That means, with **H-Blocker**, you'll be able to push out more reps and heavier weights with less fatigue and faster recovery so you can GROW MUSCLE FASTER THAN YOU EVER IMAGINED!

SCIENTIFIC STUDY: Tallon, M.J., et al., "The carnosine content of vastus lateralis is elevated in resistance-trained bodybuilders," J Strength Conditioning Sci 19.4 (2005) : 725-729

NOTICE: Do not exceed suggested daily dose. The contents of this formula may cause a blood-flow "flush" and/or a tingling sensation in the extremities of the body (e.g., fingers, ears, toes, etc.). This is normal, and you should not be alarmed. This "flush" sensation should subside after one to two weeks of continuous use. Not intended for individuals under the age of 18, unless instructed by a doctor. Do not use this product if you are pregnant, nursing, or contemplating pregnancy. If you, or your doctor, have any questions about this product, please call 1-303-215-9174. KEEP OUT OF REACH OF CHILDREN.

For the full research summary on H-Blocker, including how to maximize your results from carnosine synthesis, visit isatoritech.com/HBLOCKER or call 1-866-688-7679 (Dept. #2103).

» INCREASES YOUR EXPLOSIVE MUSCULAR POWER OVER **77%** WITH YOUR FIRST DOSE!*

H-BLOCKER™

THE ORIGINAL BETA-ALANINE PRE-WORKOUT FORMULA

Delays Muscle Fatigue So You Can Train Harder, Heavier, and Longer!

FRUIT PUNCH

DIETARY SUPPLEMENT

CONTAINS ENOUGH FOR
30 WORKOUTS!
NET WT. 1.36 lbs (618g)

RECOMMENDED USE: For explosive, pre-workout power, mix one scoop (20.6 grams) in eight ounces of water, and consume about 30 minutes PRIOR to exercise or physical activity. On non-training days, mix one scoop into eight ounces of water, and consume after morning or afternoon meal. FOR THOSE INDIVIDUALS WHO WEIGH OVER 200 LBS, consume two scoops PRIOR to exercise. FOR MAXIMUM GROWTH, use with iSatori's 3-XL™ for post-workout recovery.

QUALITY SATISFACTION GUARANTEE:

H-Blocker™ contains a proprietary formula that cannot be duplicated and is manufactured under the strictest pharmaceutical-quality guidelines. The contents of this product are analyzed by independent laboratories to ensure the complete purity, potency, and accuracy. Due to the extreme density of the ingredients in H-Blocker, some settling will occur. For best before date, see back of tub.
