

DermaScience Labs

DermaScience Labs has used extensive research and product testing to develop the ultimate nutri-dermal formula. Our exclusive formula contains 24 essential nutrients specifically formulated for absorption by the upper and lower dermal layers of the skin. VitéMD contains antioxidants that help protect against the damaging effects of excess free radicals as well as essential vitamins for deep nourishment and revitalization of skin.

Whether your aim is to maintain a youthful appearance, reduce visible skin aging, or support the health of your skin, VitéMD offers scientifically developed formulas designed to target and promote beautiful skin.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Why VitéMD?

VitéMD is designed to be an essential part of your daily skin care routine. Your total skin health and its ability to maintain a youthful appearance depends on what you put into your body.

The VitéMD formula includes potent antioxidants that help protect against the damaging effects of free radicals while offering key supplements that are needed as you age.

VitéMD is the most complete skin care vitamin available and is a revolutionary concept in the fight against aging.
