

PROLAB® WHEY ISOLATE provides ultra pure, fast absorbing premium grade protein to support lean muscle growth and improve recovery time from intense training. With 23 grams of protein per scoop, **PROLAB® WHEY ISOLATE** fuels post performance replenishment to help maximize muscle growth.[†]

After intense exercise, your body requires amino acids to repair muscle and recover efficiently. **PROLAB® WHEY ISOLATE** delivers a powerful dose of over 21 grams[‡] of rapidly absorbed amino acids including 7 grams of BCAAs. This supplies hard training endurance athletes, weight lifters and dieters with the fast-acting, muscle preserving support their bodies need to perform at their best. A serving before a workout pre-loads the body with energy-yielding amino acids to increase lean muscle growth. A serving immediately after training quickly delivers post-performance replenishment and helps launch repair and recovery. **PROLAB® WHEY ISOLATE** is also ideally suited for supporting weight loss goals. With only 110 calories, ZERO grams of fat, and ZERO sugar, it's a perfect high protein snack to help control hunger between meals.^{†*} You do your part. We'll do ours.[™]
