\*\* Percent Daily Values (% DV) are based on a 2,000 calorie diet.  
† Daily Value not established.

**OTHER INGREDIENTS:** Citric Acid, Natural Lemon Flavor, Sucralose and Silicon Dioxide.  
Contains bioengineered food ingredients.

**Niteworks®** is a dietary supplement formulated with L-arginine and L-citrulline that help the body create more life supporting nitric oxide.\* Research indicates that nitric oxide production supports healthy blood pressure levels already within a normal range and blood vessel elasticity.\* Niteworks® is also an excellent source of folic acid to support a healthy cardiovascular system and is rich in antioxidant vitamins C and E.\* For heart health benefits, take at night or before bedtime, when nitric oxide levels are lowest. Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, FDA has determined that this evidence is limited and not conclusive.
