- Designed for daily use as an Immune Support Supplement
- Non-accumulative silver molecules
- Patented nano-silver particle with a thin multi-valent Ag_4O_4 silver oxide coating
- Multiple modes of action
- Silver particle is part of the structure of the water and as such is much more stable and bio-available

Through years of research and development the AB Labs team has been able to develop and patent a unique manufacturing process that creates a much more stable silver product. This new silver technology utilizes a nano-silver particle that has a thin coating or "skin" of multi-valent silver oxide. This product is fast becoming the top choice of Doctors, Medical professionals and families worldwide and we are sure it will be your first choice of silver formulas.
