## Directions for children 3-12:

Chew one (1) tablet daily to support immune and digestive health. To alleviate occasional digestive distress, chew two (2) tablets per day. If taking two (2) tablets, chew one (1) in the morning and one (1) in the evening. If conditions persist, consult your physician. Culturelle can be taken with or without food at any time of the day.

When first taking Culturelle, your child may experience minor bloating, gas or intestinal gurgling which should subside with continued use. Consult your physician if symptoms persist after two weeks.

### KEEP OUT OF REACH OF CHILDREN.

Not intended for children under 3 years of age due to risk of choking. Inform a healthcare professional before starting any dietary supplement, particularly if there is a known immune-compromised condition.
