

Plain drinking water (even bottled “mineral water”) does not deliver the necessary quantity or balance of the essential minerals and electrolytes that your body requires for optimal hydration. Jigsaw **Electrolyte Supreme™** provides a balanced combination of key electrolytes and minerals such as calcium, magnesium, zinc, selenium, sodium and potassium as well as important B complex vitamins in their active, bioavailable form to enhance energy production.*

Suggested Use: As a nutritional supplement, mix 1 scoop in 8-16 fl oz of water (or to taste) and stir for 5 seconds once daily. Or use as directed by your healthcare professional.

Albion®, TRAACS® and the Albion Gold Medallion design are registered trademarks of Albion Laboratories, Inc. U.S. Patent 7,838,042.

Product of the U.S.A. with select ingredients thoughtfully curated from around the world.
