

Dietary Supplement

Alfalfa's (*Medicago sativa*) deep root system pulls valuable minerals from the soil. With the aid of sunlight, nutrients including beta carotene and chlorophyll are made available to the body in a usable form.* Our sources tender young plants to supply a high portion of supple leaves and to avoid the inclusion of woody stems. Amazing INDIA® Alfalfa is organically grown at the pollution-free Sahyadri Mountain Range, India, and Certified Organically Processed as per Indian Standard & in accordance with the organic standards of the U.S. Department of Agriculture.*
