MAGNESIUM SUPPLEMENT | 60 SERVINGS | NET WT 330 G

It's fun to feel good.

Jigsaw **MagSoothe™** is a fast-acting, calming magnesium powder that utilizes the highly bioavailable Magnesium Lysinate Glycinate Chelate exclusively from Albion®, plus co-factors.*

The Jigsaw **MagSoothe™** was designed to be complementary to our top-selling, clinically tested **MagSRT®**. We recommend **MagSRT®** in the morning for the energizing benefits of magnesium malate, and **MagSoothe™** in the evening for the calming properties of magnesium glycinate.*

"TASTES GOOD! So many powders can taste odd or bad. I find the taste of this product very nice. I use it regularly for myself and clients." — KAREN

"I have been using it for a while. It helps relax me at night and it reduces the incidence of muscle cramps in my groin and feet. I can notice if I haven't taken the product. It's very effective and it's also helpful getting right into my system since I am a post bariatric patient and need vitamins and minerals to be absorbed quickly before they run right out of me. Great Product!" — JAMES
