

Suggested Use:

As a dietary supplement, mix 1 scoop of Glycerol in 8 ounces of water and consume 30 minutes prior to training. Add another 8 ounces of water per additional scoop of Glycerol added. Do not exceed 1.2 g (1200 mg)/kg of body weight. E.G. for someone who weighs 185 pounds (83.9146 kg), the maximum Glycerol dose would be 100 g (100,000 mg). If your training sessions last more than 2 hours, mix 1 scoop of Gorilla Mode Glycerol per 8 ounces of water and consume 16-24 ounces per hour throughout training.

Warning:

KEEP OUT OF REACH OF CHILDREN.

This product should not be taken by individuals who are pregnant, nursing, have or suspect a medical condition, are taking any medications, or are under 18 years of age. Consult a physician before taking this or any other dietary supplement. Store in a cool, dry place.
