

MUSCLE+PUMP

500% MORE NITRIC OXIDE INGREDIENTS FOR
BIGGER PUMPS*

MUSCLE+PUMP

BACKINBLACK
500% MORE NITRIC OXIDE
INGREDIENTS* & 230%
MORE NITRIC OXIDE*
THAN OUR ORIGINAL NO2 BLACK®

Power through your training with hyper pump, energy and vascularity. NO2 Black® Muscle+Pump is packed with S7™, Nitrosigine®, and HydroMax® to help boost NO production, hydration and dilation to promote increased power and pumps during your workouts.*

PROMOTES HYPER PUMPS, EXTREME VASCULARITY AND MUSCLE GROWTH
Nitric Oxide helps open up blood vessels and expand muscle delivery systems while you train. When blood flow to the body is increased, so is nutrient delivery. The result is the ideal environment to support building muscle while you increase performance, power and pumps. Welcome to the Pump & Feed Philosophy.*

DIRECTIONS AND SUGGESTED USE: 1 serving (1 scoop) twice a day. On training days, adhere to the serving chart below.

On training days take your first serving with 4-6 oz of water on an empty stomach 0-30 minutes before a workout. Consume your second serving at least 6 hours before or after your pre-workout serving. Adjust water amount to desired consistency. As NO2 Black® Muscle+Pump is highly concentrated, adhere to the below serving chart.

DAILY SERVING CHART	
UP TO 200 LBS	OVER 200 LBS
1 SERVING	2 SERVINGS
1 serving (1 scoop) at least 30 minutes before eating or working out	2 servings (2 scoops) at least 30 minutes before eating or working out

NOTE: To maximize results, drink at least 64 ounces of water daily while using NO2 Black® Muscle+Pump.

WARNING: Do not exceed recommended dose listed. This product is not intended for use by any persons under age 18, who are pregnant or lactating, or have serious medical conditions including high blood pressure and a history of cold sores, are taking prescription drugs, or have allergies to arginine, corn, or citrus fruit. All persons should consult a physician or your healthcare professional before using dietary supplements, as individuals may have different supplemental needs. Consumption of this product that is inconsistent with recommended usage may produce adverse side effects. Discontinue use and contact a physician immediately if you experience any adverse symptoms. Discontinue use two weeks prior to surgery.

Hydromax™ is a registered trademark of Glanbia PLC.

S7™ is a trademark of VDF FutureCeuticals, Inc., used under license.

Nitrosigine,® including the Nitrosigine® logo, is a registered trademark of Nutrition 21, LLC. Nitrosigine® is patent protected.

†Based on a double blind study, S7™ was clinically shown to increase NO levels in humans by 230%.

*Compared to Original NO2 Black

PUMP & POWER

Nitrosigine® supports increased blood flow and enhanced pumps so you can power through workouts with extended energy and stamina.*

Citrulline converts arginine to Nitric Oxide (NO) to help increase your pump.*

Agmatine sulfate helps prevent NO breakdown so you can enhance your training time to improve endurance. Added minerals help your muscles contract so you can build your body the way you want.*

S7™ supports increased NO production, and helps widen blood vessels by as much as 50% for extreme vascularity and endurance.*

HYPER HYDRATION & STAMINA

HydroMax® helps hydrate your muscles to support longer workouts and increased muscle pump and fullness.*

L-Ornithine breaks down fatigue-promoting metabolites and promotes longer and harder training.*

STIMULANT-FREE

Stimulants can constrict the blood vessels. Having stimulants in a NO product can be counter-productive. MRI's NO2 Black® Muscle+Pump is stimulant-free so you can optimize pumps without interference.*
