

Herbal Secrets™ Quercetin is a flavonoid (plant pigment) naturally found in fruits and vegetables; specifically apple skins, onions and red wine. Antioxidant properties of Quercetin may help fight against free radicals; promoting cell health, cardiovascular health and healthy aging.* Quercetin also has an antihistamine effect that may help improve the body's inflammatory response, immune response and respiratory health.*

SUGGESTED USE: As a dietary supplement, adults take one (1) vegetarian capsule daily with a meal or as directed by a health care professional.

CAUTION: Do not exceed recommended dose. Pregnant or nursing mothers, children under 18, and individuals with a known medical condition should consult a physician before using this or any dietary supplement.
