

We believe that **Amazing Nutrition®** is the key for Healthy Living. We are passionate about bringing you the finest selection of products which can perfectly complement a healthy diet and active lifestyle.

Amazing Omega™ Krill Oil is an extract from arctic krill that is rich in highly unsaturated phospholipids co-functionalized with omega-3 fatty acids (EPA & DHA). Krill naturally has Astaxanthin, a powerful antioxidant that supports the body's natural ability to protect itself from the effects of free radicals.* Krill Oil helps support cardiovascular health, joint comfort and brain function.* The phospholipid-bound forms of EPA and DHA from Krill Oil have also demonstrated exceptionally high bioavailability.*

CAUTION: Contains shellfish (krill). If you are pregnant, may become pregnant, lactating, allergic to shellfish, have a blood coagulation condition or are taking anticoagulants such as warfarin (Coumadin®), consult a health care professional before using this product.
