

We believe that **Amazing Nutrition®** is the key for Healthy Living. We are passionate about bringing you the finest selection of products which can perfectly complement a healthy diet and active lifestyle.

DL-Phenylalanine is a 50/50 blend of D-Phenylalanine and L-Phenylalanine from microbial fermentation. DLPA supports synthesis of proteins and production of neurotransmitters, which helps support brain functions and mental alertness.* Vitamin B6 also plays a role in the production of neurotransmitters, ensuring metabolic processes such as fat and protein metabolism run smoothly.*
