

TRADITIONAL SUPPORT OF FEMALE MONTHLY CYCLE*

Native to the Mediterranean, chaste tree (or Vitex), is a flowering tree whose fruit has been traditionally used for women's health support for centuries.* Because we believe quality comes first, we get our berries from places near the Mediterranean, where the climate conditions are perfect. At Nature's Way®, we believe nature knows best. That's why our mission is to seek out the best herbs the earth has to give. It's the way we deliver uncompromising quality and help you live healthier.
