Collagen is the main structural protein that constitutes all human connective tissues, including skin, muscles, tendons, ligaments, joints, bones, veins and arteries. As we age, our bodies produce less collagen, which can lead to joint pain, wrinkles in skin and fatigue. Amazing Formulas™ Hydrolyzed Collagen Peptides helps to alleviate the effects of aging!* It is derived from bovine bones and cartilage which goes through a process to preserve intact amino acids. The amino acids, specifically glycine and proline, supports cohesion, elasticity, and regeneration of the skin.* Amino Acids also lessen inflammation, improve lean muscle mass and shorten recovery after exercise.* Collagen also helps the digestive tract by repairing the mucous lining, improving digestion.*

NOTICE: Collagen is not a complete protein. Do not replace dietary protein or use this product for weight reduction. The benefits of collagen is typically felt after 30-60 days of continued use.

- ✓ 11 Grams of Collagen Per Serving
- ✓ Packed With Protein & Amino Acids
- ✓ Supports Healthy Joints, Bones & Muscles*
- ✓ Promotes Elasticity & Skin Regeneration*
