

The proprietary technology, which combines one part standardized hawthorn extract with two parts phosphatidylcholine, dramatically improves absorption. Research indicates Phytosomes are absorbed more effectively than non-Phytosome products.* With this enhanced delivery, more of the key compounds get where they're needed most—to the cells in your body.*

This formula was developed in accordance with the safety and efficacy standards set forth by the German Commission E, which is the worldwide recognized authority for effective herbal remedies.

If pregnant, nursing, or taking prescription drugs, consult your healthcare practitioner prior to use.

Contains no sugar, salt, yeast, wheat, gluten, corn, dairy products, artificial coloring, artificial flavoring, preservatives, or ingredients of animal origin. This product contains natural ingredients; color variations are normal.
