

Collagen is the primary structural protein in the body's connective tissues. **Collagen** plays a vital role in the maintenance of the cartilage, tendons, and ligaments that keep joints on functioning properly. **Collagen** also works with the immune system to promote overall health and mobility. Also added is Vitamin C. One of this vitamin's main functions is helping the body manufacture collagen, a key protein in the connective tissues, cartilage, and tendons.**

Suggested Use: Use as a Dietary Supplement. **ADULTS:** Take three (3) capsules daily preferably with food or as directed by your doctor.

Warning: Do not use ■ **If pregnant or nursing**, ask a physician before use ■ **if taking any medication or have any medical condition** ■ **if allergic to any of the ingredients** ■ **if any adverse reactions occur.** ■ **Not intended for use by person under the age of 18.** ■ **In case of accidental overdose**, get medical help or contact a Poison Control Center immediately.
