

WHY ORGANA MINERAL DRINK?

- It contains up to 78 major and trace minerals which aid the body in all it's functions.
- Organa minerals are 100% plant derived, making them completely bioavailable.
- Organa Mineral Drink is rich in humic and fulvic acid, which allows minerals to be absorbed and transported through the body more readily.
- No heat or chemicals are used during processing, which guarantees the minerals you drink are just as nature made them.
