

Live longer, live better with Resveratrol-forte®!

Resveratrol-forte anti-aging antioxidant uses specialized extraction and purification methods, providing higher potency and stability.* The unique formula contains a synergistic combination of resveratrol and rutin (quercetin rutinoside), which provides more anti-aging and immune support than resveratrol alone.*

This comprehensive formula activates the longevity enzyme, boosts antioxidants, and enhances heart health with 100% pure trans-resveratrol—the most absorbable form of resveratrol.*

175 mg of pure trans-resveratrol reduces free radicals and oxidative stress to support anti-aging.*

1 softgel equals the resveratrol in 118 bottles of red wine!††

This product does not contain alcohol.
