

**Immunity Take Care™**  
**100% Herbal Immune System Enhancer\***

Dating back to the fifth century BCE, the writings of Hippocrates describe the use of tonics derived from Elderberry (*Sambucus nigra*). In the Middle Ages, Elderberry was traditionally used to help support the immune system.\* **New Chapter®** is proud to deliver this revered botanical in **Immunity Take Care**, an herbal therapeutic that enhances the immune system.\*

While many conventional extracts of Elderberry are available, none consistently provides the broad spectrum of herbal chemistries and key bioactives available in **Immunity Take Care**. This breakthrough formula combines Nature's full herbal intelligence with a unique and patent pending DARTvision™ extraction process that guarantees dose assured potency in every lozenge.

**DOSAGE ASSURED POTENCY** Using a scientific breakthrough called DARTvision™, **Immunity Take Care** herbal extract is fingerprinted and guaranteed to have the same full-spectrum potency from lozenge to lozenge without the variation common in natural herbal therapeutics. This exclusive **New Chapter** innovation ensures that the *whole* intelligence of the herb is consistently delivered.
