Servings Per Container 300		
	Amount Per Serving	% Daily Value
Activated Charcoal (from Coconut)	500 mg	*
*Daily Value not established.		

Other Ingredients: None

Discussion: Activated Charcoal, sometimes referred to as Activated Carbon, is a fine powder derived from non-GMO, food-grade, coconut shell. It has a long history of use throughout the world as far back as 400 BCE., where it was used by the ancient Phoenicians to purify water. Research suggests activated charcoal may support total body cleansing due to its highly adsorptive properties.

Packaged by weight, not volume. Some settling of contents may occur. These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

California Residents Only
