## ABOUT DEMO DAY

Time to Work! DEMO DAY is our carbohydrate formula. It is designed to add the competitive edge to your training program. We used patented ingredients to push the carbohydrates into your muscles during your workout, leaving you with a skin stretching pump, and energy (glycogen) to work harder, longer! DEMO DAY is for anyone that is looking for more sustained energy levels, or have a rounder & fuller look to your muscles by maintaining the pump throughout your workout. DEMO DAY can be used pre, intra, or post workout depending on your goals and needs.
