--	--------------------	---------------

Chamomile (<i>Matricaria recutita</i>) (flowering tops)	350 mg	*
---	--------	---

*Daily Value not established.

Other Ingredients: Vegetable Cellulose Capsule and Organic Rice Extract Blend.

Discussion: Chamomile is a low-growing perennial plant of the aster family that has a history of use dating back to ancient Egypt, Greece and Rome. Chamomile is an aromatic plant with a distinct apple-like scent. The word chamomile originates from the Greek word "kamai," which translates to ground apple. Chamomile is intended to provide nutritive support for healthy relaxation and soothing of body systems, including the gastrointestinal and respiratory tracts.
