Pumpkin (<i>Cucurbita pepo</i>) (seed)	50 mg	*

*Daily Value not established.

Other Ingredients: Cellulose, Vegetable Cellulose Capsule, Rice Flour, Magnesium Stearate and Calcium Silicate.

Discussion: Zinc Citrate is a specially chelated form of zinc using citric acid. Minerals bonded with citric acid are specifically formulated for people with low stomach acid and are intended to improve mineral bioavailability. Zinc helps support healthy immune and endocrine systems as well as skin and cellular function. Pumpkin seeds are added for their naturally-occurring zinc.
