

Tested Adaptogen for Stress*

Rhodiola rosea or Rose Root is an exalted herbal stress "adaptogen." Thriving in high altitudes and in nature's most challenging climates, this most resilient herbal is intensively studied for enhancing concentration and endurance, uplifting one's mental state, and supporting optimal immune, adrenal, and cardiovascular function even under conditions of severe stress.* Widely used by Russian athletes and cosmonauts to increase energy, *Rhodiola* delivers the promise of an inner oasis of peace and energy in our hurly-burly world.*
