Amount Per Serving	% Daily Value
--------------------	---------------

Schizandra (<i>Schisandra chinensis</i>) (berry)	580 mg
--	--------

*Daily Value not established.

Other Ingredients: Vegetable Cellulose Capsule.

Discussion: Schizandra, also known as magnolia vine, is an aromatic woody vine native to northern China and Russia. Its bright red berries have a long history of use in Traditional Chinese Medicine, where it is referred to as the "five-flavored seed" because it tastes sour, bitter, sweet, acrid and salty. Schisandra is known as an adaptogen, a unique class of herbs that support the body's ability to adapt to stress.
