DIRECTIONS:

For starters, we suggest two scoops in the morning and two scoops in the afternoon, mixed with 8–12 ounces of water. Everyone's a little bit different, so simply adjust based on how you feel! We always recommend that you consult your healthcare practitioner before taking any supplement.

NEW to Real Ketones PRIME D+?

Start by checking your ketone level before taking two scoops, and monitor your level throughout the day. Increase your dose as needed to stay in PRIME D+ ketosis. We always recommend that you consult your health care practitioner before taking any supplement.

FOR OPTIMUM RESULTS:

We suggest you monitor your ketone levels regularly to determine a personalized dose that meets your PRIME D+ Real Ketones goals.

Beta-hydroxybutyrate contains energy calories and contributes 23 calories per serving.
