

New Chapter has extensively researched the herbal pharmacopoeia and international medical databases and discovered that the herbs in Supercritical Antioxidants, when properly extracted and blended in the correct proportions, contain multiple antioxidants which dramatically elevate human detoxification enzyme systems.*

† This study only included 20 human subjects; the result could be different if more subjects were involved.

Caution: As with any dietary or herbal supplement, you should advise your healthcare practitioner of the use of this product. If you are nursing, pregnant, or considering pregnancy, you should consult your healthcare practitioner prior to using this product.
