*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Chlorophyll is the green pigment in plants that harnesses the sun's energy in photosynthesis.

Chlorophyll in plants performs metabolic functions such as respiration and growth.

We source the world's purest ingredients, no matter where they are grown, to ensure the active nutrients are delivered just as nature intended.

Do not use if inner seal is missing or damaged.
