--	-------------

*Daily Value not established.

Other Ingredients: Softgel (Non-GMO Tapioca Starch, Non-GMO Glycerin and Water).

Discussion: Native to the Mediterranean region, the oregano plant has been used as both a folk medicine and a spice for thousands of years. Oil of oregano contains many volatile plant compounds that give it unique properties, including carvacrol, thymol, terpenes, rosmarinic acid, naringin and beta-caryophyllin. Oil of oregano has traditionally been used to help support immune system response and to maintain healthy intestinal flora.
