Directions: Bring 6 oz of water to boil. Steep 1-15 tea spoon of herbal tea blend for 5-10 minutes. Filter, add organic lemon & honey to drink. Drink twice a day.

Net Wt.
2oz e (60g)

Ashwagandha (Withania Somnifera), herbal supplement (commonly root powder or extract) is widely used in the Indian herbal medicine, aka. Ayurveda. It's considered to be an "adaptogen", which is a term coined by Russian scientist to describe a herb that helps the body regain hormonal and psychological balance (homeostasis) in times of stress. Some of the benefits of ashwagandha do include reducing stress, anxiety, inflammation, and cortisol levels, improving sperm quality, boosting testosterone levels, improving the quality of sleep, strengthening the immune system, and even balancing blood lipids.
