ABOUT US

At Samsara Herbs, we believe that ALL positive change in the world must first begin with positive change from within. We invite you to tap into your own infinite power through the use of our potent herbal extracts!

We seek out only the highest quality, premium herbs to produce our concentrated extracts, sourced from some of the top indigenous and organic growers from around the world.

Samsara Herbs, dedicated to empowering your life force!

Standardized herbal extracts contain isolated herbal compounds, in guaranteed amounts. Often having the prevalent compound found in an herb, in a significantly higher concentration than found in nature.

DESCRIPTION

Samsara's Monolaurin is 100% extracted from coconut meat or copra, unlike many others which are derived from inferior palm oil. Monolaurin also naturally occurs in breast milk and is considered a critical element in the development of a baby's immune system. It is commonly sought after for its anti-bacterial, anti-viral and anti-fungal effects.

Our water soluble, premium grade herbal extracts, are best mixed in juice or a smoothie, although mixing in water is perfectly fine if you can tolerate the taste.*

STORAGE

Cool dry place, out of direct sunlight.
