

Directions: N-Acetyl Cysteine is a precursor of L-Cysteine and promotes L-Cysteine concentrations when taken orally, leading to glutathione production. N-Acetyl Cysteine is often used as a supplement for liver and lung health support as well as for its antioxidant effects.*

Suggested Use: As a dietary supplement, take 1-2 capsules per day on an empty stomach. Do not exceed 4 capsules in one day.

Storage: Store in a cool, dark place. Do not freeze or expose to moisture or heat above room temperature.

WARNING: Consult your physician before use. Do not use N-Acetyl Cysteine if you are pregnant, nursing, or are under 18 years of age. Discontinue use and consult your doctor immediately if any adverse reactions occur. Do not use N-Acetyl Cysteine and operate heavy machinery until you know how it affects you. Keep out of reach of children. Do not exceed 4 capsules per day.
