ABOUT US

At Samsara Herbs, we believe that ALL positive change in the world must first begin with positive change from within. We invite you to tap into your own infinite power through the use of our potent herbal extracts!

We seek out only the highest quality, premium herbs to produce our concentrated extracts, sourced from some of the top indigenous and organic growers from around the world.

Samsara Herbs, dedicated to empowering your life force!

Our **Formulas** are a combination of multiple herbal extracts that are believed to work, in synergy, to elicit a more potent effect.

DESCRIPTION

Our formula is a combination of 5 herbal extracts (Japanese Knotweed, Cat's Claw, Sida acuta, Houttuynia cordata and Stevia). It is believed these herbs work, in conjunction, to support the immune system, which can potentially, make many of the common tick recovery strategies and protocols more effective.

Our water soluble, premium grade extracts are best mixed in juice or a smoothie, although mixing in water is perfectly fine if you can tolerate the taste!††

STORAGE

Cool dry place, out of direct sunlight.
