▶ Triple-Sourced, High-Potency Garcinia

▶ Scientifically Validated Weight Loss

Garcinia+ Black Onyx® is engineered with a key weight loss driver backed by two human studies. In fact, subjects taking the precise dose of *C. canaphora robusta* found in Garcinia+ Black Onyx® lost an average of 10.95 lbs. (vs. 5.40 lbs. for the placebo) in 60 days with a low-calorie diet, and 3.7 lbs. (vs. 1.25 lbs. for placebo) in 8 weeks with a calorie-reduced diet and moderate exercise. That's real weight loss you can trust! What's more, we've included highly sought-after ingredients such as L-carnitine and apple cider vinegar.▲
