

Crafted with the highest quality extract, Turmeric is a plant in the ginger family that has long been used in both traditional Chinese and Ayurvedic medicine to soothe mild to moderate aches & pains.*

- ✓ Promotes a healthy inflammatory response to soothe mild discomfort and swelling from day to day activities.*
- ✓ It's difficult for the body to absorb the curcuminoids in turmeric if taken all by its lonesome. Adding black pepper to turmeric capsules helps boost curcumin's bioavailability.*

Suggested Use: Take 2 vegan capsules daily with water as needed.

Warning: Use only as directed. Consult your healthcare professional before use if you are pregnant or nursing, have a serious medical condition, or use prescription medications. For adult use only.
