

We believe that **Amazing Nutrition®** is the key for Healthy Living. We are passionate about bringing you the finest selection of products which can perfectly complement a healthy diet and active lifestyle.

DL-Phenylalanine is a 50/50 blend of D-Phenylalanine and L-Phenylalanine from microbial fermentation. It works as an essential amino acid that can be converted into tyrosine. Tyrosine is a necessary amino acid essential for the synthesis of proteins and the production of neurotransmitters, which helps support brain functions and mental alertness.*
