Shatter Pumped 8™ Black Onyx® is a powerful, non-stim pre-workout engineered for the strongest muscle pumps and vascularity. It's an exclusive combination of 4g of pure L-citrulline with VasoDrive-AP® and Spectra™, plus the exclusive key ingredient VasoShock-XR™, which is scientifically shown to boost markers of nitric oxide (N.O.) for up to 8 hours.▲

► Boost Plasma Markers of N.O. for Up to 8 Hours

Shatter Pumped 8™ Black Onyx® is the first pre-workout to feature the key ingredient VasoShock-XR™, a highly concentrated and scientifically backed N.O. booster. The clinical dose found in 2 scoops of Shatter Pumped 8™ Black Onyx® was shown to elevate key markers of N.O. in blood plasma and saliva for up to 8 hours.▲

► Superior Muscle Pump Amplifier

Boosting N.O. is crucial for triggering muscle pumps and vascularity. This is why Shatter Pumped 8™ Black Onyx® is loaded with powerful doses of other key N.O. boosting ingredients, including 4g of pure L-citrulline. That's more L-citrulline than what is found in even 6g of L-citrulline malate. Plus, it has research-inspired VasoDrive-AP®, a unique compound engineered to support muscle pumps. Furthermore, there's the unique Spectra™ blend of 29 plant-based ingredients scientifically shown in a separate research study to improve bioavailable N.O. concentration in the blood by 64% compared to placebo. With its cutting-edge N.O. formula, Shatter Pumped 8™ Black Onyx® will have you experiencing extreme prolonged muscle pumps unlike anything you've experienced before!▲
