One of the many ways Turmeric benefits our bodies is through supporting heart health.* This powerful antioxidant helps protect the heart from free radicals.* For enhanced Heart Support we've added L-Carnitine (an amino acid) with CoQ10 and Omega-3 Fatty Acids to help support your cardiovascular system.*

We all know the great benefits of Turmeric and we just made it better! To make it even stronger we've added 95% Curcuminoids, the powerful active component of turmeric.* To allow your body to absorb it better we've added MCT and BioPerine.*

A SIMPLE PROMISE

It all starts with integrity. We never create anything that we wouldn't use ourselves or give to our own children.
